

INDOOR CONCRETE STYLES

OLD WORLD PALETTE

An Old World style blends natural materials, ornate details, and rich, muted colors and finishes. Concrete can be instantly aged or stained to achieve the timeworn elegance characteristic of this look, while replicating Old World materials such as wood and natural stone.

Saddle Brown

Rustic Taupe

Brandy Cream

Arroyo Red

KEY DETAILS

You can achieve an Old World style using concrete by incorporating elements of these four design principles:

OVERSIZED & ORNATE

Go for opulence rather than simplicity by using ornate edge details, adornment and embellishments.

NATURAL MATERIALS

Replicate or incorporate natural materials such as wood and stone.

WARM & EARTHY

Use rich, nature-inspired colors derived from acid staining.

WORN FINISHES & ANTIQUES

Incorporate antiquing accents such as gold or bronze décor, Renaissance-type art and other Old World accouterments.
